## Global Project Management

---

**Complex industrial plants?**

**Heavy and/or large units around the world?**

**Special transport technology required?**

No problem. Ambercor is one of the world's leading Logistics Service Provider shipping equipment and supplies for the Projects Sector worldwide.

The increasing complexities of industrial projects demand a team of project logistic experts across the globe. Ambercor Shipping has that expertise, at your service 24 hours a day, 365 days a year. Whether it be engineering for super heavy loads on the highways, complex petrochemical projects in Asia, or power and utilities projects in the North India – all have one thing in common:

### **Ambercor Shipping Inc. Global Projects**

- Automotive
- Heavy Equipment
- Project Cargo
- Mining and Infrastructure
- Oil, Gas & Energy
- Drilling
- Industrial and Manufacturing

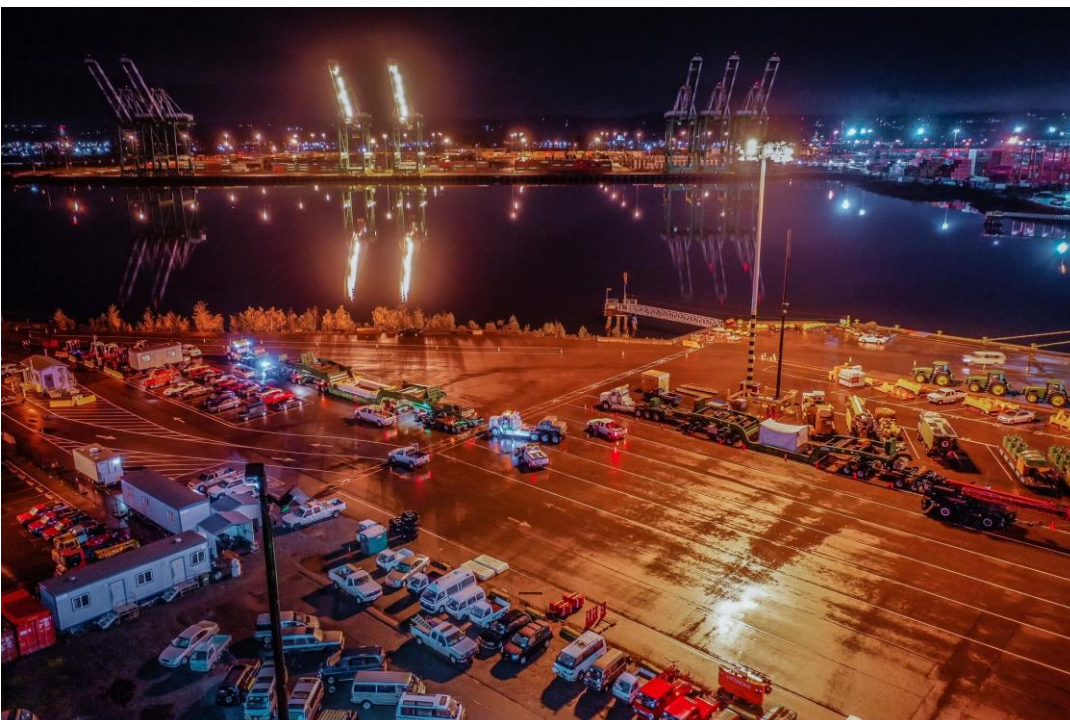

From undertaking feasibility studies during pre-bid stage to the execution stage, our project experts get involved in every stage. Not only the heavy lift cargos in a project but a time sensitive, fragile & critical piece of cargo is also handled in a meticulous and secure manner. We at Ambercor believe that safety adds value and so our QHSE commitments are unparalleled in the industry.

Our operational excellence is primarily based on our teams, expertise, proactivity and our engagement in continuous improvement.

# Ambercor Shipping

Connecting North America. Customized Project Logistics Service.

When an abnormal, heavy and oversized project is delivered by Ambercor Shipping Inc., it's not just another handover, it's another customer satisfaction.

Our **project services are customized** for each individual customer or partner, to satisfy often complex requirements. We leverage our expertise to provide the right solutions and suitable equipment to enable smooth transitions between air, sea and land.

An integrated approach throughout the entire project-cycle, our teams use creativity and skills derived from extensive experience in the industry.

Whenever you need reliable international transportation solutions, we work with you to create a tailor-made, end-to-end key at every turn. Through this approach we help our business partners increase delivery precision and visibility while reducing transport risks at all times.

## Our Service

### ❑ Transport Engineering

Large and heavy equipment sometimes requires special solutions. We can undertake to have transport equipment, lifting devices and special braces designed, engineered and manufactured to suit the particular requirement and make transport possible that appeared to be impossible.

### ❑ Rail Logistics

Ambercor specializes in rail freight transportation throughout North-America and Mexico. We provide you with safe, reliable rail freight solutions of exceptional quality. Our experienced team is available to deal personally with everything from initial inquiries to day-to-day business issues. Whether you need a wagon pool, a block train or just a single wagon, we pride ourselves in finding exactly the right solution to your specific needs

### ❑ Barge Transport

Ambercor has access to equipment providers and has the operational experience to develop your project from conceptual development to successful completion. Ambercor leverages our relationships with engineering groups, shipyards facilities as well as with industry leaders that specialize in heavy-lift, stevedoring and dredge to meet the needs of every project.

### ❑ Airfreight

Airfreight is fast-moving, challenging and constantly changing – it's the nature of the business. Around the globe capacity and demand can change in the blink of an eye so it's essential to have a partner who provides stability and reliability to maintain your supply chain's total integrity. Whether your shipments fly in the bellies of commercial planes or require specialist freighter aircraft to move them, Ambercor can provide tailor-made solutions for your all your airfreight.

### ❑ Ocean freight

Ambercor's experience and expertise in ocean forwarding, combined with the highest level of personal service, will provide a single-source solution for all your ocean freight needs. Whether you require a customized solution, charter arrangements or cargo insurance for your shipment, our teams are dedicated to meet your needs.

### ❑ Road Logistics

Ambercor's road transportation specializes in performing value-added, white glove, and time definite services to ensure ultimate satisfaction for your customers. These services are in addition to domestic air, ocean, and rail shipments.
